

127A Hammett Acres Rd. - Anderson, SC 29621

PERFECT LOCATION!!! Looking for a home close to everything Anderson has to offer but has the feel of country living, where deer can be seen daily from the back porch? Look no further, this house has been superbly maintained, with an updated laundry room, paint, and new fixtures but the focal point is the updated kitchen, that boasts subway tile, wide plank wood-like tile floors, and level 3 granite counter tops. All of the ceilings are smooth and the colors of the wall are perfect to match any household décor. The rocking chair front porch is a huge bonus but the screened in back porch is amazing, where you will likely, spend most of your time. This porch overlooks a huge fenced in back yard that is perfect for your four-legged and/or two-legged kids to run and romp in a safe space. Just beyond the fenced in back yard is a private neighboring, fully stocked 7 acre pond. This home won't last long. Bring your serious buyers and they can be in before Santa starts making his rounds.
